

Traffic Alert

Eldon & Elmcourt is Now a 4 Way Stop

Stop signs have been installed on Eldon at Elmcourt/Stillwell making this intersection a four way stop. This brings peace of mind to many of you, however, please remain vigilant as you exit from Elmcourt/ Stillwell. This also applies to pedestrians as well.

Remember, a stop sign is a passive control device that is only as effective as the

motorist's ability and willingness to stop.

Most motorists, both residents and commuters, will obey the stop signs however, driver inattention (for various reasons) cannot be ruled out.

The Terrell Hills Police Department will monitor the intersection at random and frequent intervals to encourage compliance.
