Stage 2 Water Restrictions

As of June 11th all SAWS customers and surrounding users including the City of Terrell Hills are now under Stage 2 Water Restrictions. Under stage 2 water in times are restricted to the following: from 7am to 11 am and 7pm to 11pm on the days as follows:

The last digit in your street address will designate your watering day

Monday—Last digit is 0 or 1

Tuesday— Last digit is 2 or 3

Wednesday—Last digit is 4 or 5

Thursday—Lasrt digit is 6 or 7

Friday—Last digit is 8 or 9

There is no watering on Saturday or Sunday, Watering with drip irrigation or a 5 gallon bucket is permitted any day but only during the designated hours.

Upcoming City Holidays

City Hall will be closed on the following days, there is also no work allowed on these days inside the city limits. As always your Public Safety Departments are available 24 hours a day 365 days a year.

Monday, September 3rd—Labor Day

EMPLOYEE BLOOD DRIVE

The City will be holding a blood drive here at City Hall on Thursday, July 12th from 1pm until 4pm. The Bloodmobile will be on the Garraty Road side of City Hall. Summer is one of the most important times of the year to donate so please come out and donate!

Childhood Should Never Be This Hard.
Keep Christian Smiling.

Christian receives chemotherapy five days a week and continues to need blood and platelets. Thanks to our wonderful blood donors, Christian can enjoy life with his brothers.

→ GIVE BLOOD ←

City of Terrell Hills
Thursday, July 12
2 – 4:30 p.m.
In the parking lot

For further information, please contact Billy Knupp at 210-824-7401

Being A Blood Donor Has Its Perks!

- All donors will receive a Thank You coupon from Whataburger.
- Coupons are accepted at any Whataburger for a free burger when you purchase a medium fry and medium drink.

City Of Terrel Hills
5100 N New Braunfels Ave
Terrell Hills, TX 78209-5822

Dear City Of Terrel Hills

Important notice - Waste Management's Inbound Recycling Quality Policy

The recycling industry including Waste Management is experiencing high levels of contamination which is trash in the recycling. This is coming at a time when the requirements for quality (clean recycling) are increasing due to new policies in China. These policies have banned twenty-four types of materials and include strict quality standards.

In 2017, China began to limit the quantity of material it accepts for recycling and in 2018 added specific contamination limits set at 0.5%. These significant changes are affecting the recycling industry world-wide. As a result, our focus on quality is higher than ever, as we work to ensure the long-term sustainability of our recycling programs.

When non-recyclable items (contamination) end up in your recycling loads, they have the potential to turn the entire load into trash and increase processing costs resulting in contamination and/or additional service charges.

IMPORTANT: Moving forward you may be assessed contamination charges of up to \$175 per ton and/or increased processing fees for excess contamination found in your loads.*

Please join us in the battle against contamination and make sure when your recycling loads are delivered to one of Waste Management's transfer stations or a Material Recovery Facility (MRF) they are free of contaminants and follow the recycling do's and don'ts.

Recycling Do's	Recycling Don'ts
<p><i>Do</i> recycle all empty bottles, cans, paper and cardboard.</p> <p><i>Do</i> keep foods and liquids out of recycling.</p> <p><i>Do</i> keep plastic bags out of recycling.</p>	<p><i>Don't</i> bag your recyclables. Plastic bags and film get tangled in the machinery.</p> <p><i>Don't</i> include food-soiled items - they can turn an entire load of recycling into trash.</p> <p><i>Don't</i> add sharp or dangerous materials like needles and electronics - they can cause injury to our workers.</p> <p><i>Don't</i> toss in "tangles" like rubber hoses and wires - they can shut down an entire recycling center!</p> <p><i>Don't</i> include bulky items like propane tanks or construction debris.</p>

For additional tools on recycling right and the do's and don'ts of recycling, visit www.recycleoftenrecycleright.com.

* Charges and fees will be assessed in accordance with contract terms and conditions where applicable.
